

1. Product and Company Identification

Product Name : **AD-H50**
 Usage : Concentrated Air Freshener
 Address : KSA -Khobar – NSH Tower 9th floor
 Phone Number : +966 50 519 6007
 E-mail : info@maracialsharq.com
 Revision date : Jan, 2021.D
 Distributed by : Maraci Alsharq

2. Hazards identification

2.1. Classification

Hazard Classification : This product is not considered hazardous according to the OSHA Hazard Communication Standard 2012 (29 CFR 1910.1200)

2.2. Label elements

Hazard pictograms : 

Signal Word : Warning

Hazard Statements : May Cause eye irritation.
Harmful if swallowed

Inhalation : No specific symptoms known.

Ingestion : No specific symptoms known. But - May cause discomfort if swallowed.

Eye contact : No specific symptoms known. Prolonged contact may cause redness and/or tearing.

Skin contact : No irritation with brief contact. Prolonged contact may cause skin irritation (red, dry, cracked skin) especially in hot weather. May cause more severe response if skin is abraded (scratched, scraped or cut). May be harmful if absorbed through the skin.

3. Composition/information on ingredients

This product does not contain any substances classified as hazardous

Information on components:

Active ingredients	Conc. %	CAS #
Perfume	15.0 – 25.0 %	-

4. First-aid measures

Inhalation	: Not a normal route of exposure.
Skin contact	: Wash with plenty of water
Eye contact	: Rinse immediately with plenty of water. Get medical attention if irritation persists after washing.
Ingestion	: Do not induce vomiting. Give plenty of water to drink. Get medical attention if any discomfort continues.
Notes to physicians	: Treat symptomatically

5. Fire and explosion measures

Flammability	: This product is not flammable under normal conditions.
Suitable Extinguishing Media	: Water spray or fog, Foam, Dry chemical powder, Carbon dioxide.
Hazardous combustion products	: Thermal decomposition or combustion products may include the following substances: Irritating gases or vapours.
Fire and Explosion	: Non flammable. No fire or explosion hazard exists.
Personal protective equipment	: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.
Standard procedure for chemical fires	: As in any fire, exercise caution when fighting any chemical fire. Fight fire with normal precautions from a reasonable distance. Use water spray or fog for cooling exposed containers. Do not enter fire area without full protective equipment including respiratory protection. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

6. Accidental release measures

Personal precautions	: No special measures required
Methods for cleaning up	: Contain spill to prevent contamination of drains / waterways. Absorb with inert material. Use a water rinse for final clean-up
Environmental Precautions	: Avoid contact of large amounts of spilled material runoff with soil and surface waterways.

7. Handling and storage

Handling	: Keep away from food, drink and animal feeding stuffs. Wash hands after handling
Storage	: Keep out of reach of children. Keep container tightly closed. Store in a cool, well-ventilated place.

8. Exposure controls and personal protection

Eye/Face protection	: No specific eye protection required during normal use
Hand/skin Protection	: None required with normal use.
Respiratory protection	: None required with normal use.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety practice.

9. Physical and chemical properties

Appearance	: liquid
Color	: Colorless
Odor	: Fragrance
PH	: 6.0 - 7.0
Density	: 0.95 - 1.05
Solubility in water	: Completely soluble

10. Stability and reactivity

Stability	: The product is stable.
Condition to Avoid	: There are no known conditions that are likely to result in a hazardous situation.
Incompatible Materials	: No specific material or group of materials is likely to react with the product to produce a hazardous situation
Decomposition Products	: No known hazardous decomposition products.
Hazardous Reactions	: No dangerous reaction is known under conditions of normal use.
Hazardous polymerization	: Will not occur.

11. Toxicological information

Carcinogenicity	: This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Routes of exposure	: Inhalation, Ingestion, Eye contact, Skin contact.
Chronic Exposure	: Health injuries are not expected under normal use.
Acute & Chronic Potential Health Effects	: <u>Skin</u> : Low irritant. Prolonged or repeated contact may result in mild irritation. <u>Eyes</u> : irritant. Due to product form and nature of use, an eye hazard is not anticipated. However, direct contact may result in irritation. <u>Ingestion</u> : Low toxicity. Ingestion of large quantities may result in nausea, vomiting and gastrointestinal irritation. <u>Inhalation</u> : an inhalation hazard is not anticipated with normal use.
Germ Cell Mutagenicity	: The limited information located does not suggest that the

components of the product are mutagenic.
Reproductive Toxicity : This material has been classified as non-hazardous.

12. Ecological information

Ecotoxicity effects : Not regarded as dangerous for the environment.
 The product ingredients are expected to be safe for the environment at the concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

Mobility in soil : No data available

Biodegradability : The surfactant(s) contained in this product complies (comply) with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents.

Bioaccumulation : The product does not contain any substances expected to be bioaccumulating

13. Disposal considerations

Waste Disposal : Drain well. Dispose of as normal household waste.

Empty containers : Rinse out empty container with water and consign to normal waste.

14. Regulatory information

United States TSCA : All ingredients are listed on the TSCA inventory.

Canadian (DSL) : All components of this product are on the Canadian DSL.

California Proposition 65 : This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

SARA 302 : No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 304 : This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 : No listed substance.

SARA 313 : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

15. Transport information

Land transport (DOT)/ Sea transport (IMDG/IMO)/ IATA (Air)

Not dangerous goods

16. Other information

NFPA:

HMIS III:

HEALTH	1
FLAMMABILITY	0
PHYSICAL HAZARDS	0
PERSONAL PROTECTION	X

0 = not significant, 1 = Slight,
 2 = Moderate, 3 = High,
 4 = Extreme, * = Chronic

The information of this MSDS is based on the present state of our knowledge and on current EEC and national laws. It is always the responsibility of the user to take all necessary steps in order to fulfill the demand laid down in the local rules and legislation. The information in this MSDS is meant as a description of the safety requirements of our product. It is not to be considered as guarantee of the product's properties.
