

Heavy Duty Surface Cleanser and Stain Remover with Mild Abrasion Action

PRODUCT DESCRIPTION

AD-CREAM CLEAN is an extra thick cream cleanser with mild abrasion action. It is designed to tackle toughest cleaning jobs as it removes stubborn spots such as build-ups, scuffs, grease, rubber marks, mildew stains, hard water deposits, soap scum, rust, metal corrosion stains and backed on carbonized grease through deep cleaning action as it contains a mild rounded abrasive similar to jeweler's grade pumice which provides premium cleaning action. It is ideal for cleaning porcelain, ceramic tiles, stainless steel, fiberglass, chrome fixtures, Formica other hard inanimate non-porous hard surfaces.

KEY PROPERTIES & BENEFITS

EFFECTIVE DUAL ACTION: AD-Cream Clean provides dual action against stubborn stains due to its dual chemical and physical action as it contains a mild rounded abrasive to provide extra scouring action.

DEEP & FAST ACTION: Cream clean provides deep cleaning action against and deep stains formulated with premium scouring agents to lift off stubborn stains such as metal corrosion and backed on carbonized grease.

MULTI-SURFACE COMPATIBILITY: Due to its gentle formulation, Cream clean is suitable to tackle any stubborn stain on any surface due to its multi-surface compatibility, it is compatible for use on porcelain, ceramic tiles, stainless steel, fiberglass, chrome fixtures, Formica, aluminum and many other non-porous hard surfaces.

INTENDED USE

AD-CREAM CLEAN is formulated to remove all types of stubborn stains such as backed on carbonized grease, stainless steel corrosion, rust, hard water deposits, soap scum, mildew stains etc. From floors, walls, trucks, equipment, machinery, plastic, glass, grills, ovens, pots, pans and other kitchen utensils, air conditioning ducts, filters, conveyors, hoods, sinks, wash-hand basins, baths, showers, toilets, etc. Recommended for use in food processing plants, restaurants, dairies and all other places where food is handled or prepared.

PRODUCT APPLICATION

DOSAGE:

AD-CREAM CLEAN can be applied directly on surface without further dilution with water.

APPLICATION:

- 1- Squeeze generous amount directly on surface or on wet cloth, sponge or brush.
- 2- Loosen soil with rubbing action.
- 3- Allow at least two (2) minutes contact time.
- 4- Rinse.
- 5- For a bright shine, polish with soft dry cloth.
- 6- For heavily soiled areas, a pre-cleaning step is required.
