

Concentrated Air Freshener / Space Deodorant

PRODUCT DESCRIPTION

AD-H50 is a concentrated air freshener is designed to be reduced through ADVANCE HYGIENE dilution unit with water to produce a ready-to-use air freshener/ space deodorant, it is formulated with long-lasting fragrances to promote effective odor control for hours, leaving rooms smelling clean and refreshed. AD-H50 contains odor counter-acting fragrances designed to eliminate tobacco and smoke odors, urine and feces, garbage, body odors, mildew and cooking odors, unlike overpowering air fresheners, AD-H50 will eliminate bad odors gently and efficiently.

KEY PROPERTIES & BENEFITS

DILUTES CLEAR & NON-STAINING: Concentrated solution formulated to be mixed with either hard or soft water. Dilutes clear in hard water up to 500 ppm hardness in safe water base carrier that is non-staining on fabrics and upholstery.

VERY ECONOMICAL: yields a cost effective ready to use air freshener after dilution with water.

VERY EFFECTIVE: AD-H50 will eliminate tobacco and smoke odors, urine and feces, garbage, body odors, mildew and cooking odors gently and efficiently.

INTENDED USE

Use with confidence to eliminate bad odors in rooms and washrooms in schools, institutional buildings, nursing homes, hospitals, offices, hotel, restaurant and washrooms.

PRODUCT APPLICATION

DOSAGE:

Use only through AD-H50 dilution unit to fill AD-H50 solution into the AD-H50 Refill spray bottle.

APPLICATION:

Small rooms: Spray once or twice upwards into the center of the rooms.

Large rooms: Spray proportionately more upwards into the center of the rooms.

Caution:

Do not spray directly onto furnishings.

Do not use with other dilution systems or methods.

Do not use undiluted and do not mix with anything but water.

Remove spillage or build up from hard floor as surface may become slippery.
