

AD-TRIPLE ACTION

TECHNICAL DATA SHEET

Concentrated All-Purpose Cleaner, Sanitizer and Deodorizer

PRODUCT DESCRIPTION

TRIPLE ACTION is an all-purpose cleaner, sanitizer and deodorizer formulated to be reduced through ADVANCE HYGIENE dilution unit with water to produce a hard surface cleaner deodorizer. It is formulated using premium wetting agents, emulsifiers and natural oils to effectively clean and sanitizer while leaving a long lasting fresh citrus/pine fragrance that attacks the source of bad odors. It will effectively remove tobacco and smoke odors, urine and feces, garbage, body odors, mildew and cooking odors, unlike overpowering cleaner deodorizers. Triple action with a pleasant and hygiene like fragrance while its cleaning properties will safely and rapidly clean and degrease washable surfaces, baths, tiles, paintwork, plastics, stainless steel, chrome and floors leaving them hygienically clean.

KEY PROPERTIES & BENEFITS

NEUTRAL pH: Mild pH insures effective and safe cleaning of all hard surfaces such as floors, walls, porcelain and chrome.

VERY ECONOMICAL: Yields a cost effective ready to use all-purpose cleaner after dilution with water.

THREE IN-ONE ACTION: Triple action will clean, sanitize and deodorize in one simple operation, providing rapid results while enhancing productivity to save labor associated costs while leaving long lasting fresh fragrance.

HYGIENICALLY CLEAN AND GLOSSY FINISH: TRIPLE ACTION is formulated with natural oils that exhibits very good sanitizing properties and repellency against crawling insects and ants, while leaving surfaces bright clean, its glossy finish on the floors is designed to be enhanced by polishing it using a 175 rpm single disc machine equipped with a white pad.

INTENDED USE

Use on all water-resistant surfaces such as floors, walls, porcelain, chrome, plastic, stainless steel, ceramic tiles and garbage rooms in Schools, institutional buildings, nursing homes, hospitals, offices, hotels and restaurants .

PRODUCT APPLICATION

DOSAGE:

Floor Wet Mopping: 1 part cleaner to 30 up to 60 parts water.

Surface Cleaning: 1 part cleaner to 30 parts water.

Heavy Soil Cleaning/ Degreasing: 1 part cleaner to 5 parts water.

APPLICATION:

Dose/ Dilute the Triple Action by using ADVANCE HYGIENE mixing unit or manually.

Floor Wet Mopping: Fill diluted Triple Action into a clean bucket. Apply the solution using conventional mop or preferably a flat mop. Ensure to change/ remove the soiled solution.

Surface Cleaning: Fill diluted Triple Action into the refill spray bottle, spray the solution on a surface or sponge, scrub well, rinse surface with fresh water and wipe dry for extra shine.

Damp Cleaning: Fill diluted Triple Action into the refill spray bottle, spray the solution on a clean cloth and wipe surface clean.

Scrubber-Drier: Fill diluted Triple Action into the tank. Apply the solution according to machine instructions.

Physical & Chemical Properties

Appearance:	Green Liquid
pH (25°C, neat):	6.5 - 7.5
Density (25°C):	0.95 - 1.05 g/ml (H ₂ O=1)
Odor:	Citrus/Pine Fresh
Rinsability:	Complete
Hard Water Tolerance:	Good
