

PRODUCT DESCRIPTION

AD-S1 is an odorless stainless steel cleaner & polisher that protects and polishes metal surfaces while not leaving a greasy film protects against tarnish, corrosion and fingerprints.

AD-S1 is water base emulsion that cleans and polishes metal surfaces without leaving any oily or greasy films. It cleans light grease, fingerprints, smudges & watermarks. Ideal for stainless steel, formica, aluminum, chrome, copper, brass and any finished metal surfaces.

KEY PROPERTIES & BENEFITS

EFFECTIVE TRIPLE ACTION: AD-S1 cleans, polishes and protects in one single steps to save time and effort hence, improve operational efficiency.

NON-OILY DEEP GLOSS: AD-S1 water-base emulsion ensures deep gloss to surfaces without leaving oily film.

NON-FLAMMABLE: Unlike highly flammable aerosol stainless steel polishers, AD-S1 is packed in unpressurized PE bottles that is safer for both the user and the environment.

INTENDED USE

Use with confidence on Stainless Steel, Formica, Aluminum, Chrome, Copper, Brass and any finished metal surface such Hoods, Sinks, wash-hand basins, Oven and Refrigerator Doors, Canopies, Counters, Coffee Urns, Smoke Urns and Elevators found in industrial kitchens and plants, Hospitals, Institutional and Commercial Building.

Note: Do not use on direct food contact surfaces.

PRODUCT APPLICATION

DOSAGE:

AD-S1 is formulated to be used without further dilution with water.

APPLICATION:

1. Use as-is.
2. Just spray directly onto surface or cloth, spread evenly.
3. Wipe dry to a high durable luster.

Do not use on direct food contact surfaces.

Physical & Chemical Properties

Appearance:	White Liquid
pH (25°C, neat):	6.0 - 7.0
Density (25°C):	0.90 - 1.0 g/ml (H ₂ O=1)
Odor:	Odorless
Water Solubility:	Complete
