

# AD-ANTAS

Antibacterial Hand Soap

TECHNICAL DATA SHEET

## Description

**ANTAS** is a gentle, yet efficient hand soap, formulated with trusted anti-bacterial matter as mentioned at MSDS. Especially effective against a broad spectrum of both gram negative and gram-positive bacteria.

**ANTAS** antiseptic hand soap is a fashionable, luxurious blend of mild cosmetic grade cleaning agents, fortified with glycerin emollients and moisturizers, specifically formulated for users who wash their hands repeatedly such as doctors, veterinarians, dentists, nurses, pet shop employees and cooks.

**ANTAS** antiseptic hand soap is the ideal general purpose hand cleaner for hospitals, nursing homes, institutions restrooms, doctors and dentists offices, veterinarians offices, food handling plants, restaurant kitchens, cafeterias, supermarkets, pet shops and all other critical areas.

## BENEFITS

- Highly effective bactericidal agent.
- Good cleaning performance.
- Mild on skin , suitable for frequent washing.
- Ensures long lasting skin hygiene.
- Perfume free ( suitable for use in food processing environments)

## DIRECTIONS FOR USE

Wet hands with warm water and apply **ANTAS** generously.

Rub hands together to produce a rich lather. Rinse well with clean warm water for a minimum of 30 seconds. Dry hands thoroughly.
