

### Highly Concentrated Laundry Fabric Softener and Deodorizer

#### PRODUCT DESCRIPTION

**CONFY** is a highly concentrated liquid laundry fabric softener & deodorizer with a long lasting perfume specially formulated for use in commercial and on premise laundries. It is formulated with cationic and specialized softening agents to deliver optimum soft handle on fabrics as catatonics adsorb to the negatively charged surface of the fabric thus creating a lubrication effect for the fabric. During the drying process this prevents clogging and build-up of static electricity.

#### KEY PROPERTIES & BENEFITS

**ENHANCED SOFTNESS & SOFT HAND FEEL:** CONFY is formulated with cationic and specialized softening agents, to deliver enhanced softness for most types of fabrics, but is particularly effective on bulked or textured fabrics such as towels. It also imparts a smooth, silky feeling woven or flat knitted fabric.

**EXTENDS FABRIC LIFE SPAN:** Due to its effective lubrication and conditioning effect, CONFY will counteract detergent residues on fabric and hence prevents fabric damage while increasing its life span.

**LONG LASTING PERFUME:** CONFY is formulated using specialty encapsulated perfume technology long lasting laundry fresh perfume that does not burn out in industrial dryers. Perfume is more substantial. It can be sense after linen leaves the drier.

#### INTENDED USE

Use with confidence in final rinse cycle laundry applications to lubricate, condition and deodorize fabrics , it can be safely used on cotton and polyester fabrics and its blends, such as guest cloth, staff uniform, table linens, bath and rooms white and colored linens.
